

Health Net Translated Letter Templates Available on ICE Website

The Health Care Language Assistance Regulations require all California managed care health plans to provide language assistance and culturally responsive services to members with limited English proficiency (LEP), limited reading skills, who are deaf or have hearing impairments, or who have diverse cultural and ethnic backgrounds. To comply with this requirement, the Health Net Community Solutions, Inc. (Health Net) Language Assistance Program (LAP) offers interpreter services to members to ensure that Health Net LEP members are able to obtain language assistance and communications in alternate formats while accessing health care services.

Effective April 1, 2018, Health Net specific Case Management (CM) and Utilization Management (UM) Medi-Cal translated letter templates will be available on the Industry and Collaboration Effort (ICE) website at www.iceforhealth.org/library.asp in the *Library* located under *Approved ICE Documents > UM Templates & Tools-Health Plan-Specific Templates*. Health Net letter templates are accessible under the *Health Net* folder. Providers must use the templates when appropriate.

REQUEST FOR MATERIALS IN ALTERNATE FORMATS

If the member has a preferred alternative format, such as large print, braille, accessible PDF, audio MP3, e-text file, or in all non-English languages, providers may send the English letter to the member, but must also provide Health Net with the document to be made into an alternate format and request for the alternate format to be mailed to the member upon completion. Providers may contact the Health Net Medi-Cal Provider Services Center, as listed in the right-hand column, to submit a request for letters or documents in an alternative format.
