information required to be in the directory. If the health plan does not receive an affirmative response within 30 business days, the following will occur:

- The health plan takes no more than an additional 15 business days to verify whether the provider's information is correct or requires updates. The receipt and outcome of each attempt to verify the information is documented by the health plan.
- If the health plan is unable to verify whether the provider's information is correct or requires updates, Health Net notifies the provider 10 business days prior to removal that the provider will be removed from the provider directory. NON-RESPONDERS

As mentioned, providers who do not respond may experience delays in payment or reimbursement of claims, and be removed from the new printed and online provider directory.
