

Collaborative Care Supports Cesarean Reduction

Join us on November 14, 2018, to learn more!

Join us for this informational webinar to assist participating hospitals and providers in supporting vaginal delivery and achieving appropriate nulliparous, term, singleton, vertex (NTSV) cesarean section rates.

Health Net of California, Inc., Health Net Community Solutions, Inc. and Health Net Life Insurance Company (Health Net) encourage you to attend to learn more about cross-functional collaboration to support better maternal outcomes and reduce primary cesarean delivery rates.

Webinar topics	<ul style="list-style-type: none"> • Collaborative practice defined • Evidence about how collaborative practice contributes to reducing cesarean delivery rates • Key concepts for successful team-based care with a true collaborative philosophy • Role of the obstetrician/gynecologist and other obstetric care providers
Presented by	<p>Holly Smith, MPH, MSN, CNM California Maternal Quality Care Collaborative (CMQCC), clinical lead for the Southern California region of the Collaborative to Support Vaginal Birth and Reduce Primary Cesareans</p>
