State of Emergency: 4 Additional Counties Across California Due to Winter Storms

Support for Health Net members impacted by the California winter storms

On February 28, 2019, Governor Gavin Newsom declared a state of emergency in Amador, Glenn, Lake, and Sonoma counties, due to the severe winter storms that have caused flooding, mudslides, erosion, power outages, and damage to critical infrastructure.

Health Net* is providing assistance to members in the listed counties affected by such winter storms.

We want to help ensure that members who have been impacted because they or their usual health care providers have been temporarily displaced, have continued access to health care services and prescriptions during the state of emergency.

Here is what you need to know.

PRIOR AUTHORIZATION, PRECERTIFICATION AND REFERRALS

Health Net is taking steps to ensure that Health Net participating providers in areas affected by the winter storms are able to continue providing care for Health Net members' medical needs.

Health Net participating providers may call the **Provider Services Center** using the contact information provided in the right-hand column of this page for guidance on:

- Easing of time limitations for prior authorizations, precertification and referrals for treatment.
- Approval for out-of-network services in the event a contracting provider or facility becomes unavailable.
- Authorization for the replacement of medical equipment or supplies.

FILING CLAIMS

The deadline to file claims for providers impacted by the winter storms will be extended. Providers may contact the **Provider Services Center** using the contact information provided in the right-hand column of this page for additional guidance on claims extension time frames.
