

You're working to treat opioid misuse. Let us help.

Register today for a FREE training to treat opioid use disorder (OUD) and qualify for the waiver to prescribe buprenorphine.

Buprenorphine is the first at-home therapy to treat OUD and offers great potential for expanding treatment.¹ Buprenorphine also has been proven to be a clinically effective therapy for OUD in populations including pregnant women. It's an essential tool for you to be even better equipped to treat OUD in your community.

Health Net* is sponsoring a FREE training for providers to qualify for the waiver to prescribe buprenorphine. This training will be conducted by the American Society of Addiction Medicine (ASAM).² It includes:

- ✓ Four hours of online training at your own pace
- ✓ Four hours of live, interactive training in St. Louis, Missouri, held from 8:30 a.m. to 1:00 p.m. Central time (CT) on the dates below (or you can attend the live training remotely by streaming it on your device):

June 28, 2019

September 13, 2019

November 8, 2019

The above dates feature curriculum designed for women's health providers in partnership with the American College of Obstetricians and Gynecologists (ACOG).

And you'll also get for FREE:

- ✓ Continuing medical education available
- ✓ A copy of the *ASAM National Practice Guideline*
- ✓ A reference guide and other clinical resources
