

# Improve Patient Satisfaction With Advanced Access

*Advanced access is an appointment scheduling method that allows same-day appointments for patients. Benefits of implementing advanced access:*

- Improved access to care.
- Increased patient, staff and provider satisfaction.
- Enhanced continuity of care.
- Cost and efficiency savings at provider practice.

Advanced Access Description	
Type of appointment	PCP appointments. This does not include appointments with a specialist.
Who the appointment is with	A PCP, or other qualified primary care provider, such as a nurse practitioner or physician's assistant. Provider may be any appropriate provider within a medical group or independent practice association to which the enrollee is assigned.

## Two tips to ensure advanced access for patients who call to request a same-day appointment:

- Block out at least one hour a day to allow for same-day appointments.
- Keep the canceled time slot (less than 24-hour notice) open.
