

You're working to treat opioid misuse. Let us help.

Register today for a FREE training to treat opioid use disorder (OUD) and qualify for the waiver to prescribe buprenorphine.

Buprenorphine is the first at-home therapy to treat OUD and offers great potential for expanding treatment.¹ Buprenorphine also has been proven to be a clinically effective therapy for OUD in populations including pregnant women. It's an essential tool for you to be even better equipped to treat OUD in your community.

Health Net,* on behalf of CalViva Health, is sponsoring a FREE training for providers to qualify for the waiver to prescribe buprenorphine. This training will be conducted by the American Society of Addiction Medicine (ASAM).²

You must take a total of eight hours of training:

- ✓ Four hours of online training at your own pace, and
- ✓ Four hours of live, interactive training (streamed live from any mobile device, or attend in-person in St. Louis, Missouri) on one of the following dates:

- **November 8, 2019** – 8:30 a.m. to 1:00 p.m. Central time (CT).

Only this date features curriculum designed for women's health providers, in partnership with the American College of Obstetricians and Gynecologists (ACOG).

- **January 17, 2020** – 1:00 p.m. to 5:15 p.m. Central time (CT).

And you'll also get for FREE:

- ✓ Continuing medical education available.
 - ✓ A copy of the ASAM National Practice Guideline.
- A reference guide and other clinical resources.
