

First Prenatal Visit Availability Time Frame Change

Providers to see members within two weeks of request

The standard time frame for scheduling first prenatal visits has changed from 10 business days to two weeks from receipt of request. This is in line with the Department of Health Care Services (DHCS) regulations for timely access to care.

Going forward, please ensure your office offers the first prenatal appointment within two weeks of the member's request.

PPG requirement

Participating physician groups (PPGs) should ensure that providers are complying with all regulatory standards and metrics to ensure timely access and continuity of care.
