Apply for CalHealthCares Loan Repayment Program!

The application is available on January 13, 2020, for eligible Medi-Cal providers

Physicians who have recently graduated, can apply for the CalHealthCares loan repayment program¹ in exchange for a five-year service obligation.

Criteria requires providers to:

- Have graduated in the past five years.
- Be a current licensed health care provider by June 30, 2020.
- Establish a new practice and maintain a minimum 30% or more Medi-Cal patient caseload for five years.
- Expand or relocate their practice to a target county in California with an eligible Medi-Cal population.

CalHealthCares urges providers with this incentive to increase access to care for Medi-Cal patients. Make sure to submit your application before the closing date of February 7, 2020.
