

Reminder: Verify Eligibility for On-Exchange IFP Members in a Premium Grace Period to Avoid Claims Payment Issues

Providers must verify benefits, eligibility and cost shares each time a member is scheduled to receive services

As a reminder, Health Net* suspends qualified members' eligibility during months two and three of the three-month federal premium delinquency grace period if members are delinquent on premium payments. This update contains:

- Information specific to providers who are providing services to Health Net On-Exchange Individual and Family Plan (IFP) members who receive premium assistance [federal Advance Premium Tax Credits (APTCs)] and/or California premium subsidies) and whose premiums are delinquent.
- The steps to verify member benefits, eligibility and cost shares.

Be aware of the premium grace period for members receiving federal APTCs and/or California premium subsidies

Provisions of the Affordable Care Act and California law (effective January 1, 2020) require that Health Net allow members receiving federal APTCs and/or California premium subsidies a three-month grace period to pay premiums before coverage is terminated.

- Members receiving federal APTCs and/or California premium subsidies have a federally mandated grace period of three months in which to make payment for their portion of the premium.
 - Premiums are billed and paid at the subscriber level; therefore, the grace period is applied at the subscriber level.
 - All members associated with the subscriber will inherit the enrollment status of the subscriber.
- When providers are verifying eligibility through the secure provider portal during the first month of nonpayment of premium, the provider will receive a message that the member is active but delinquent due to nonpayment of premium. However, claims may be submitted and Health Net will pay for covered services rendered during the first month of the grace period.

- During months two and three of the grace period, the member's eligibility status is suspended, and claims will be pended. The EX code on the explanation of payment will state: "LZ – Pend: Non-Payment of Premium."
- Coverage will remain in force during the grace period.
- If payment of all premiums due is not received from the member by the end of the three-month grace period, the member's policy will automatically terminate to the last day of the first month of the grace period.
- The member will be financially responsible for the cost of covered services received during the second and third months of the grace period, as well as any unpaid premium.
- In no event shall coverage extend beyond the date the member policy terminates.

How to bill for covered services to members in a suspended status during months two and three

For members who are in a suspended status and seeking services from providers:

- Providers may advise the member that providers are not obligated under their Health Net contract to provide services while the member's eligibility is in suspended status. (Status must be verified through the Health Net secure provider portal or by calling Provider Services. Providers should follow their internal policies and procedures regarding this situation.)
- Should a provider make the decision to render services, the provider may require payment from the member. Providers may submit a claim to Health Net as well, but the claim will be contested and only paid if the member's eligibility status is returned to active status after all overdue premiums are paid in full.
- If the member subsequently pays his or her premium and is removed from a suspended status, claims will be adjudicated by Health Net. The provider is then responsible for reconciling any payment received from the member and the payment received from Health Net. The provider may then bill the member for an underpayment or return any overpayment to the member.
- If the member does not pay his or her premiums in full by the end of the three-month grace period and Health Net plan coverage is terminated, providers may bill the member for the full billed charges.

How to verify eligibility for IFP members

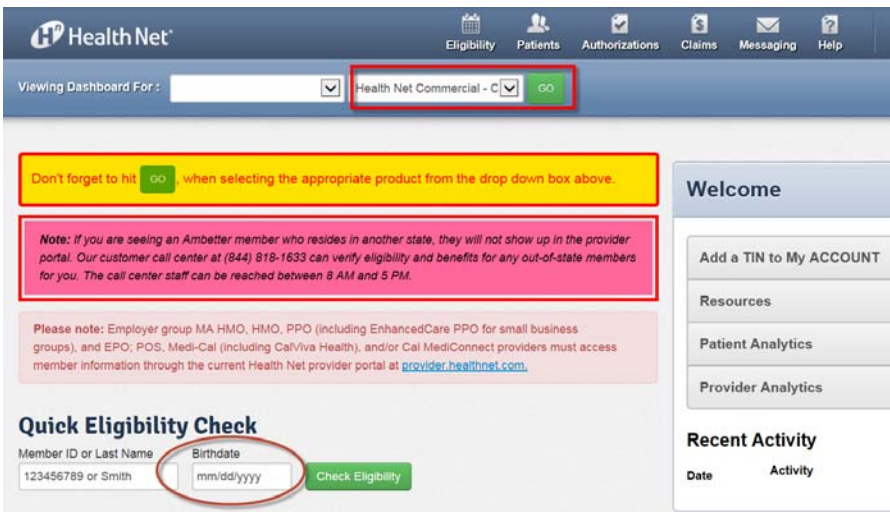

Providers are responsible for verifying benefits, eligibility and cost shares each time a member is scheduled to receive services. Presentation of a member identification (ID) card is not a guarantee of eligibility. Providers must always verify eligibility on the same day services are required. Providers can verify member eligibility on the provider portal at provider.healthnetcalifornia.com.

When verifying member eligibility on the Health Net provider portal, you must first select the appropriate product for each individual member or the member information will not be found. You must select the commercial product for commercial members (such as IFP members). If you do not select the appropriate product type for the specific member, the eligibility status will not display. Follow the simple steps shown in the step-action table below.

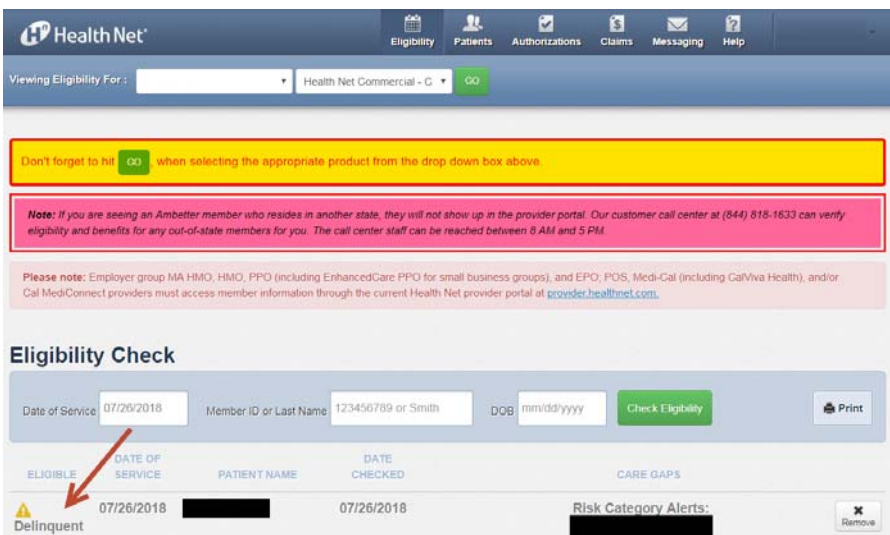

| Step | Action |
|---------------|--|
| Step 1 | Log in to the provider portal at provider.healthnetcalifornia.com . Select product type (use the drop-down menu on top of the screen to choose <i>Health Net Commercial – CA</i> for IFP members), then select <i>Go</i> . |
| Step 2 | Select the <i>Eligibility</i> tab or use Quick Eligibility Check on the main page. |
| Step 3 | Enter the date of service only if it is other than today's date (disregard this step if using Quick Eligibility Check). |

| | |
|----------------------|--|
| <p>Step 4</p> | <p>Enter the complete member ID number as displayed on the member ID card or last name as displayed on the member ID card, and date of birth (DOB) in the applicable boxes for the specific member you are verifying. Points to be aware of on the member ID card:</p> <ul style="list-style-type: none"> • Include the "R" ID number; use only the letter and numbers listed (R12345678) and do not use MM1 or FS1. • Include the full "U" ID number, as displayed with the first letter and all numbers listed (such as U1234567801 or U1234567802 as listed on the card). • If searching by last name, include the suffix, such as Jr., as listed on the member's ID card. Please remember to also include the DOB, since this is a required field, if searching by last name. • Make sure to confirm with the member that you are using the current 2021 member ID number. |
| <p>Step 5</p> | <p>Select <i>Check Eligibility</i>. If the complete member ID and DOB were entered and this does not provide eligibility status for the specific member you are verifying, try using the last name and DOB instead.</p> |

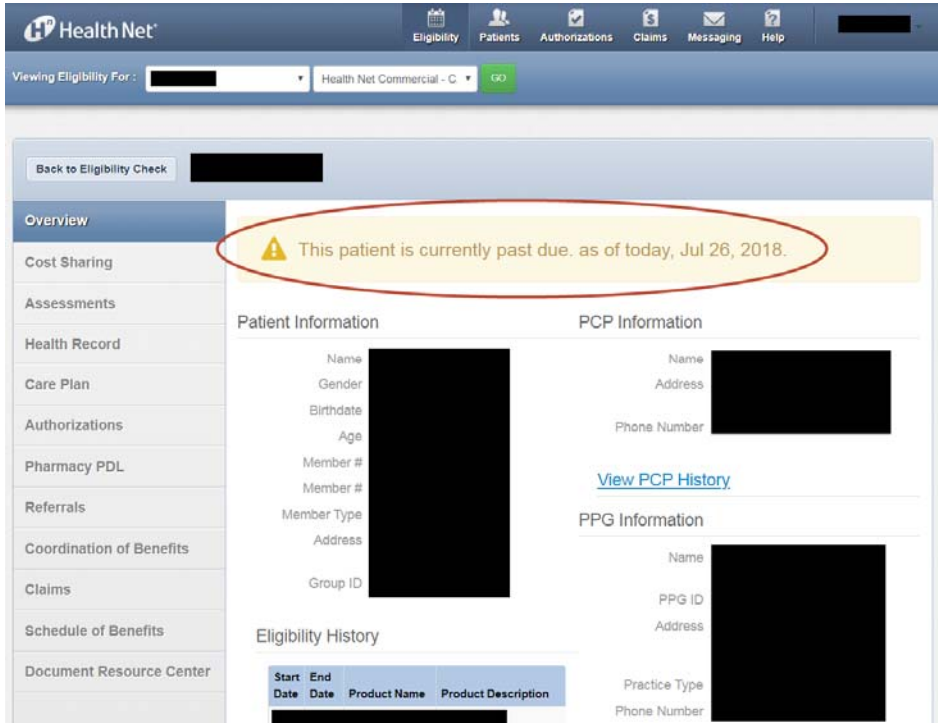

If the member status is not found on the Health Net provider portal at provider.healthnetcalifornia.com, then confirm that the member has an IFP plan. If the member has an employer group or small business group commercial plan, then verify member eligibility through the Health Net provider portal at provider.healthnet.com.
