

Improve Resilience and Rapid Recovery During Disaster Response

Join us for a webinar and learn more!

The following trainings provide best practices for communication and how to engage with various partners during a crisis. Partners might include local healthcare, government organizations, non-governmental organizations (NGOs), and patients.

Webinars and topics covered

Engaging and Strengthening Partnerships

An overview of how to increase engagement with various partners, and strategies to leverage and engage state voluntary organizations active in disasters (VOADs) during a disaster.

Crisis Standards of Communications

Information and skills that can be used to improve the systems and protocols that allow your organization to effectively communicate during a disaster.
