

Important Information and Support to Help You Provide the Best Care

One-stop shop for quality improvement topics and standards online

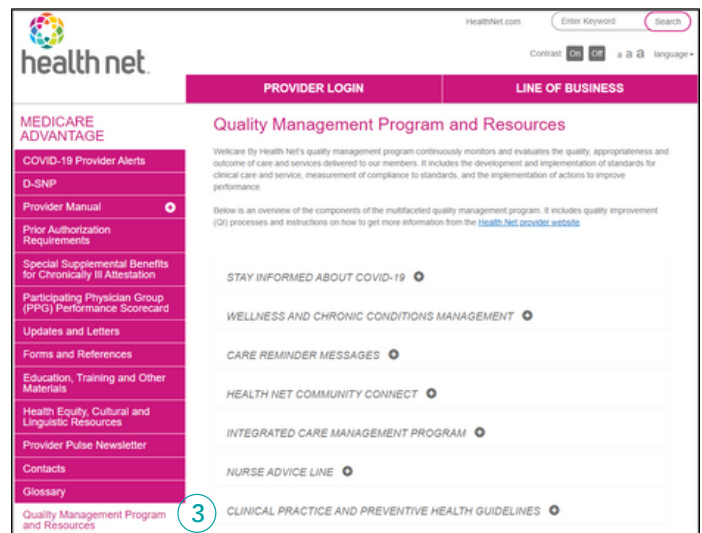

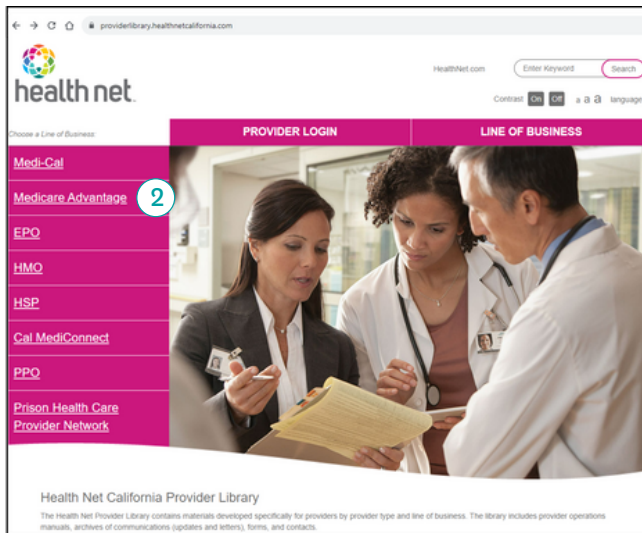

Go to the *Quality Management Program and Resources* page in the *Provider Library* to access the most current quality improvement processes and resources.

Here you'll find current details about quality and safety of clinical care and quality of services provided to members. Many topics have direct links to contacts, forms and areas of the provider operations manual.

Access the page in 3 simple steps

- 1 Go to providerlibrary.healthnetcalifornia.com.
- 2 Select *Medicare Advantage*.
- 3 Select *Quality Management Program and Resources* on the left-hand side.
