

Fast, Expert Specialty Advice With ConferMED eConsults

IMPROVE SPECIALIST ACCESS. ENHANCE CARE. GET REWARDED.

ConferMED eConsults offers primary care providers (PCPs) secure, no-cost access to California-licensed, board-certified specialists—right from your electronic medical record (EMR) system.

Earn \$70 per eConsult

From **October 1, 2025, through October 1, 2026**, participating PCPs will receive a **\$70 incentive** for each eConsult submitted and billed within each quarter. Payments will be issued quarterly via check or electronic funds transfer to the Medi-Cal provider. This supports timely access to care and helps meet access standards.

How it works

1 PCP submits eConsult: Send a digital referral with clinical information, labs and images through EMR.

2 Specialist reviews: Receives and responds with treatment guidance.

3 Receive response: PCP gets feedback within **3 business days**.

What is an eConsult?

An eConsult is a secure, asynchronous digital consultation between a PCP and a specialist for non-urgent, non-procedural care.

- 75–80% of eConsults prevent unnecessary in-person specialist visits.
- PCPs stay at the center of care coordination.
- Reduces duplicative testing and unnecessary referrals.
