

# New Age Extension for CIS-10 Immunization Incentive Program

**EARN UP TO \$2,500 PER ELIGIBLE MEMBER. ACT BY JUNE 30, 2026**

*Health Net is pleased to announce an important update to the CIS-10 immunization incentive program. The age limit for completing the CIS-10 vaccine series has been extended to 2.5 years (30 months).*

This extension applies to children covered under Individual and Family Plans (IFP) through the Covered California Health Exchange. This means providers may still qualify for the incentive even if a child has passed their 2nd birthday, as long as the full CIS-10 immunization series is completed before the child turns 2.5 years old with the exception of Rotavirus vaccine, which is not clinically appropriate to administer after 8 months of age.

## Incentive overview:

<b>1</b>	\$2,500 per eligible Marketplace member who completes the CIS-10 series before reaching 2.5 years of age.
<b>2</b>	The child must: <ul style="list-style-type: none"><li>• Be part of the Measurement Year 2025 CIS-10 denominator.</li><li>• Turn two years old by December 31, 2025.</li></ul>
<b>3</b>	The incentive is available through June 30, 2026, for assigned members who meet the criteria. <ul style="list-style-type: none"><li>• This includes children who missed the original 2 year deadline but complete the series by 30 months of age.</li></ul>

*Don't miss this chance to make a difference in children's health and earn your incentive!*

## Submission instructions:

1. Submit the patient's updated immunization records to Health Net.
2. Highlight the vaccines that close CIS-10 care gap.
3. Fax records to:  
**Fax #: 800-773-9629**  
**Attention: CIS-10 Provider Incentive**

Note: Physicians and other providers can also submit documentation for children excluded from the measure (e.g., due to a contraindication). Once verified, the provider may still qualify for the incentive.
