

Preferred Pharmacy Network

Medicare Advantage Part D and Prescription Drug Plan | 2026

Our Medicare Advantage Plans offer a robust, dependable pharmacy network with more than 60,000 pharmacies — many offering preferred cost-sharing!

Our pharmacy network includes retail pharmacies that offer either standard or preferred cost-sharing and a mail-order pharmacy that offers preferred cost-sharing. We have maintained our partnership with **CVS, Walgreens and most large grocery chains for our preferred pharmacy network.**

A member's cost-share may be lower when prescriptions are filled through one of our preferred retail pharmacies or our preferred mail-order pharmacy, Express Scripts Pharmacy®. However, members may have prescriptions filled at any network pharmacy. See Plan benefits for details.

Remember, some retail pharmacies offer both retail and home delivery options. If a member fills a prescription with a retail pharmacy that also provides home delivery, the preferred retail cost-share will apply.

Members can use the Provider Search tool, https://bit.ly/WellcareHN_FindAProvider, to find a pharmacy and check that the pharmacy is covered under their plan. The tool can be accessed on the member portal and the Plan's website.

Express Scripts Pharmacy will continue to be our preferred mail service pharmacy, offering convenient and efficient service for prescriptions that are filled for more than a 35-day supply. See Plan benefits for details.

Members can sign up and/or submit new prescription requests through the website, express-scripts.com/rx.
