

Submitting Prior Authorization Requests

The Health Net Community Solutions, Inc. (Health Net) Medical Management Department accepts prior authorization requests for elective and urgent services online via the provider portal at provider.healthnet.com and via fax. All participating providers must immediately inform Health Net, on behalf of CalViva Health, when there is a request for investigational or experimental treatment. Providers affiliated with a delegated participating physician group (PPG) must follow the PPG's instructions for referrals and requests for prior authorization. Follow the steps below to submit prior authorization requests online or via fax.
