**DO NOT STORE VARICELLA IN SMALL, DORMITORY-STYLE REFRIGERATORS.**

- › Refrigerator Temperature: 35<sup>0</sup> – 45<sup>0</sup>F
- › Varicella Vaccination must be stored in the freezer at 5<sup>0</sup>F or colder (-15° C)
- › Refrigerator & Freezer temperatures must be logged
- › **Immediately call the VFC Program at 513-704-3750** if you discover that VFC vaccine was not stored at proper temperature (refrigerator/freezer malfunction, or accidentally left out overnight). Do not store vaccines in the door shelves. Always place vaccines in the “body” of the refrigerator/freezer compartment.
