

### Authorization Guide for Recuperative Care

Recuperative Care (medical respite care) is short-term post hospital residential care for individuals who no longer require hospitalization but still need to heal from an injury or illness (including behavioral health conditions) and whose condition would be exacerbated by an unstable living environment.

This service is covered for a duration for up to 30 days, with extensions in 30-day increments based on medical necessity. There is a 90-day limit per authorization.

Members must meet the following criteria to qualify for the Recuperative Care service:
